[Portfolio](#)

Summary

Web Developer who's proficient in HTML, CSS, JavaScript, and React framework. I also have eight years of experience in various roles handling project-management within the entertainment industry. I also pride myself on communication and collaborative skills, and have a strong interest in working with other people and teams

Skills

Software Engineering: JavaScript ES6, Node, React, React Hooks, Redux, jQuery, HTML5, CSS3, GitHub, PostgreSQL
Other Skills: Project-management, visual design, team-collaboration, entertainment

Recent Projects

We Love Movies | [Github](#)

- Contributed to a website that allows users select a variety of movie theaters and display the movies showing at each.
- Built complex servers to access data through a database
- Utilized technologies including Knex migrations, RESTful APIs, React routes, middleware packages, CRUD routes, and Express servers.

Periodic Tables | [Github Demo](#)

- This project demonstrates my ability to create a full stack application. It is a restaurant reservation system. The requirements of the project include CRUD operations for reservations and tables, searching and validation
- Built using HTML5, CSS, JavaScript, React, Bootstrap, Node.js, Express, PostgreSQL, Knex.js, RESTful API's

GrubDash | [Github Demo](#)

- This project demonstrates how to build RESTful APIs to create, read, update and delete data for multiple resources. I defined the routes, URLs and middleware necessary to implement the API
- Built using Node.js, Express, PostgreSQL, RESTful API's

Experience

ENTERTAINMENT CAST MANAGER

Miami, FL

Carnival Cruise Lines

March 2013 – March 2020

- Led a team of performers, ensuring that each stage-show was successful from development to production
- Product-manager of onboard media application for guest-itineraries
- Community Engagement leader
- Assisted in sourcing, recruiting, and onboarding new talent
- Accomplished goal of becoming number one cast in the company's fleet of ~26 ships
- Nominated and won Team Leader of the Month Award 2019 for providing top-quality entertainment to guests

INAUGURAL PERFORMER

Santa Clarita, CA

Princess Cruises

January 2017 – September 2017

- Performed nightly in newly developed production shows as a dancer, singer, and actor
- Collaborated with creative and development team to create brand new production from start to finish
- Assisted Cast Manager in administrative duties such as leading meetings, scheduling, and instruction

Education

CERTIFICATE, SOFTWARE ENGINEERING

October 2021

Thinkful

- Learned the fundamentals of full stack web development including HTML, CSS, Javascript, jQuery, React.js, Node.js, PostgreSQL, ExpressJS, Data Structures, Algorithms, Git, NPM, and Deployment, RESTful API's
